

How to Download Zoom

Snapshot 1

On the browser e.g. Google Chrome and Safari - click on the URL box at the top left-hand side of the browser.

Snapshot 2

Type in 'Download Zoom' then press the return key.

Snapshot 3

Search result appears - click on 'Download Center - Zoom' to go to the 'Download Center'.

Snapshot 4

At the Download Center click on the 'Download' button.

Snapshot 5

For Mac or MacBook: at the bottom left hand side of the browser - you'll see an app called 'Zoom.pkg'. Click and follow installation instructions.

Snapshot 6

For Windows desktop or laptops at the bottom left hand side of the browser - you'll see an app called 'ZoomInstaller.exe'. Click and follow installation instructions.

When completed - the Zoom app is ready for use.

In the next clip we will show you how to register with Zoom before you use the app
